The Videos

Mending Our Relationships, Building Our World

From the Chofetz Chaim Foundation

Over 50,000 Jews in 16 countries around the world will join together in over 700 communities to listen to the words of wisdom of our Gedolim, as seen and heard in the new video, Mending Our Relationships, Building Our World. This event /video focuses on the imperative of pursuing *shalom* in our personal lives and communities. The damage set in motion by *machlokes* is well known, and is a key factor in the continuation of *golus*. The speakers concentrate not only on the spiritual aspects of *shalom*, but on the practical, doable nature of the concept. What may seem impossible and “not for me” emerges as entirely possible and doable for everyone.

Project Inspire's newest Tisha B'Av film, "The Road Home"

A community Rabbi, a charismatic young man, a Chasid, an inspired youth director - four yidden who didn't know if they would succeed in returning their fellow Jews to Torah and mitzvos, they just knew they had to try. This Tisha B'Av, see how they and we, can use our Ahavas Yisroel to reunite Klal Yisroel in "The Road Home"- a 50 minute film by Project Inspire. With an introduction by Rav Moshe Tuvia Lieff, shlita, Mara D'asra Agudath Israel Beis Binyomin, Brooklyn, NY. Last year, 30,000 people at over 300 locations saw Project Inspire's Tisha B'Av film "Wiping A Tear". Thousands began reaching out and changing Jewish lives.
